

Twice-A-Week Visitor  
The Semi-Weekly Morning Light carries local, state and world news into thousands of rural homes in Navarro and surrounding counties twice each week. Every worthwhile item of news from every point is thoroughly covered.

Fifty Years of Service  
The Semi-Weekly Morning Light has been an outstanding progressive newspaper, working for the advancement of the rural communities of Navarro and adjacent counties for more than fifty years. Its success is sound up with the growth of Rural Life.

# STEEL SITUATION LESS TENSE

## Martial Law At Johnstown Be Raised Friday

HARRISBURG, Pa., June 24.—(AP)—Governor George H. Earle today lifted martial law in the Johnstown strike zone, effective at 7 a. m. tomorrow.  
"Apparently the emergency in Johnstown has passed," the governor said. "I therefore decree an end of martial law at 7 a. m. Friday morning."  
Earle placed the strike district under martial law last Saturday and ordered closing of the Bethlehem steel mill where a strike had been declared by the Committee for Industrial Organization.  
Earle said that the mills may reopen at 7 a. m. and conditions generally will revert back to the status which prevailed before martial law was declared.

By the Associated Press  
WARREN, O., June 24.—(AP)—Five manufacturers closed their plants in Warren and Niles today after the C. I. O. notified its unions to abandon plans for a general sympathy strike.  
Officials of the Brainerd Steel company, who declined to be quoted by name, said their contract with the C. I. O. was "no good."  
They denied there was a lock-out at their plant, and said operations were curtailed, partly due to lack of orders.  
F. R. Schaeffer, general manager of the Niles Steel Products company, declared the action was taken because of an unauthorized strike yesterday.  
C. I. O. unions called strikes in many Warren plants yesterday in a move for a projected general labor holiday as a protest against a court injunction limiting picketing at the Republic Steel plant in Warren.

The action, also, was a sympathy move against the movement of men and supplies into the Republic plant under protection of city police and the Ohio National guard, sent to the Mahoning valley by Gov. Martin L. Davey of Ohio to maintain the steel "status quo" while the federal mediation board continued its deliberations in Cleveland.  
Others Close Down  
The Van Huffel Tube corporation and the Ohio Corrugating Co. also were closed down today. There was no comment from the management.  
With the threat of a general strike, See STEEL STRIKE, Page 9

## HIGHWAY 22 GETS INSPECTION FROM FOUR-CITY GROUP

PLANS ARE OUTLINED FOR ACTIVE CAMPAIGN COMPLETE CONSTRUCTION  
Chamber of Commerce delegations of Palestine, Dallas, Fort Worth and Corsicana inspected Highway 22 east from Eureka to Anderson county line Wednesday afternoon and outlined plans whereby they hope to prevail upon state highway commission authorities to order the construction of a bridge spanning Chambers creek and complete the pavement to connect with the Anderson county section already completed, according to an announcement Thursday morning.  
The group went to the Chambers creek crossing and then toured and proceeded to Cayuga and returned via Malakoff. The delegations are planning an effort to get this gap completed in 1937.  
See HIGHWAY, Page 5

## TEXAS RECEIVING MORE THAN TEN MILLION DOLLARS FROM SOCIAL SECURITY ACT FUNDS

AUSTIN, June 24.—(AP)—Texas currently is receiving approximately \$10,230,000 a year from the federal government by administering seven provisions of the social security act.  
Federal authorities believe if the state should comply with two remaining provisions of the act, it would profit by about \$2,600,000 more.  
The provisions being administered by the state are: Old age assistance, crippled children, maternal and child health, public health services, unemployment compensation, vocational rehabilitation, and child welfare services.  
Old age assistance is the best known part of the social security act in the state, the administration now adding 125,000 needy who are more than 65 years of age.  
The pensions average \$15 a month, one half being paid by the state. It is estimated the federal government will contribute about \$9,000,000 to this activity in 1937.  
Under the state department of education, crippled children are given medical care to the extent of surgical operations and hospitalization with the federal government paying half the expense. Last year it spent \$150,000 in

## OFFICERS PRESSING HUNT FOR REMAINDER ESCAPED CONVICTS

FIVE RECAPTURED SINCE BREAK; SIX OTHERS BELIEVED CORNERED

HUNTSVILLE, June 24.—(AP)—Seven of the nineteen convicts who broke from the Eastham prison farm Tuesday had been recaptured at noon today but cold trails on a dozen others.  
Two young Crockett residents, J. D. Woodward, Jr., and A. D. Smith opened fire on a light truck carrying three of the fugitives and captured one, James Henry Mitchell, after a two-mile chase near Crockett.  
Woodward and Smith forced the convicts' stolen machine into a ditch and fired with a pistol when the trio attempted to flee. Mitchell, under 72 years in sentences, surrendered. The others fled.

Prison officials said W. C. Gresham, Fort Bend county jailer serving a life term, had been caught near the farm last night. Tyler police believed W. H. Bybee, desperate leader of the break, Roy Smith, Tyler taxi driver, was one of two men who held up last night and forced him to drive them to Kilgore.  
The pair alighted from a freight train which arrived at Tyler from Lufkin. Two others also with them disappeared but the other two approached his cab, commanded him to drive them five miles out on the Kilgore road, Smith said. Near Kilgore they forced him to take a side road and fled afoot.  
Two convicted murderers were taken with three other convicts in capture yesterday. Forty miles from the prison farm, near Groveton, George Scott of San Antonio and Jack Foreman of Comanche See CONVICTS, Page 5

## TEXAS LEGISLATURE PREPARES FOR END OF SPECIAL SESSION

HOUSE WORKS UNTIL MID-NIGHT ON LOCAL BILLS; SOME ISSUES REMAIN

AUSTIN, June 24.—(AP)—The senate passed a bill to dispose of the back association of the county jacks and stallions purchased with proceeds of the repealed race betting act as the legislature worked at a fast clip in an effort to write numerous proposals into law before the session's end tomorrow.  
The senate bill was radically different from that approved by the house but sponsors expressed confidence an agreement could be reached. The senate favored continuing state control of the animal industry, while the house favored the representatives' use of a commissioner locating them wherever he saw fit, while the house asked that they be given to the various counties.  
The house spent much of the morning on a bill softening the requirement that a person must give 27 months' notice before being permitted to take the bar examination.  
The original bill forced the examining board to waive the requirement on recommendation of the bar association of the county in which the applicant resided but it was modified to leave such waiver optional with the board.  
Approximately a score of the 150 house members might benefit from the law. The appeal of some of the house sponsors for passage of the bill included the statement it would be a personal favor to the representatives desiring to become lawyers.  
The house passed a senate bill allowing veterans of the Spanish See LEGISLATURE, Page 9

## School Children Help At Funeral Sir James Barrie

KIRKERMUR, Scotland, June 24.—(AP)—Three hundred school children who looked upon Sir James M. Barrie, creator of Peter Pan, as the fairy godfather of all girls and boys, helped bury him today.  
Most of those who attended the funeral for the man who made this little village famous as "Thumbel" of his Scottish tales were the townspeople and the children he had known.  
The famous author died of bronchial pneumonia last Saturday in 1937.

## TEXAS ALLOWABLES GIVEN AN INCREASE BY RAIL COMMISSION

TERRELL DECLARES STATE UNDERPRODUCED SHARE DURING PAST YEAR  
AUSTIN, June 24.—(AP)—The Railroad Commission today issued a new prorated order fixing the allowable crude oil production for Texas on July 1 at 1,385,476 barrels.  
The figure represented an increase of 35,214 barrels over the basic allowable for June and 10,376 more than the federal bureau of mines had estimated the state's production would be during the month because of new completions.  
A statement by C. V. Terrell, chairman of the commission, which administers conservation laws in Texas, said that during the past 12 months Texas had underproduced the allowable two and one-fourth per cent.  
"This was occasioned by the natural decline in submarginal wells, together with shut-downs for mechanical and physical difficulties causing wells to produce less than the allowable assigned them," he said.  
The factor on which the allowable of the big East Texas field is computed, 2.35 per cent of the average hourly per well production on July 1 of 468,000 barrels, which compared with 462,000 on June 1 and 459,300 on May 1.  
Other districts allowable, for June 1 and July 1, were announced as follows:  
Panhandle 76,048 and 77,017; Moore county, 1,348 and 1,346; Osborne area 935 and 935; North Texas 60,450 and 61,000; Ford See ALLOWABLES, Page 4

## STEEL MAN TAKES TURN

Tom Girdler, chairman of Republic Steel Corporation, maintained his reputation for use of plain and strong language when he appeared before the senate investigating committee in Washington on Thursday, calling the CIO representative who testified a few days ago a "liar" and telling Senator Guffey of Pennsylvania that he "didn't know what he was talking about" and refusing to withdraw the remark. He was the first steel company representative to appear before the probers.

## HOPKINS SETS WPA TO TRIMMING ROLLS AS FUNDS ASSURED

OVER QUARTER MILLION DUE OFF LISTS BY FIFTEENTH NEXT MONTH  
WASHINGTON, June 24.—(AP)—Harry Hopkins, assured that congress will provide \$1,500,000,000 for relief in the next 12 months, set the Works Progress administration today to trimming its rolls to 1,655,477 persons.  
Hopkins estimated 14,759 reduction from the total on June 5 would be reached by July 15.  
Relief officials said rolls were being cut "simply through not replacing men who found jobs in private industry," and by checking the lists for illegibles.  
Both house and senate have passed relief bills, and a joint committee has been appointed to compose minor differences.  
"WPA employment shrank all through the weeks congress was debating relief, going under 2,000,000 late in May for the first time since November, 1935, officials reported.  
That shrinkage, plus summer declines, encouraged WPA officials to believe they can manage the curtailment, in the face of protests from worker groups.

## Farm Population Shows Decline, Is Sign Prosperity

WASHINGTON, June 24.—(AP)—Agriculture department economists noted today a traditional sign of prosperity, a decline in farm population.  
They said persons living on farms at the start of this year totaled 31,720,000, a decrease of 80,000 from January 1, 1936. It was the first decline since 1929.  
During prosperous periods they explained, more young farm men and women found jobs in cities and towns and fewer persons returned from urban centers to the country, where they at least could find food and shelter.  
The economists estimated 716,000 babies were born to farm women last year and that 349,000 farm residents died.

## Amelia Earhart Resumes Her Hop Around-the-World

BATAVIA, Java, June 24.—(AP)—Amelia Earhart, flew today from nearby Bandoeng to Surabaya, Java, en route to Kupang, Timor Island, on her flight around the world. She planned to remain at Bandoeng until 250 miles from Bandoeng, until tomorrow.  
The flight is about 1,200 miles west of Batavia. From Kupang she plans to fly to Australia.

## Board of Control To Hold Hearings

AUSTIN, June 24.—(AP)—The board of control will begin a series of hearings June 28 in San Angelo for the West Texas cities seeking a recently authorized state hospital for the insane.  
Other hearings announced by Claude T. Carr, chairman, were at El Paso, Big Spring, where hearings for Odessa, Midland and Kermit will be held also; June 30, La Mesa in the morning and Lubbock in the afternoon for consideration of Lubbock's and Slaton's applications; July 1, Plainview and Amarillo; July 2, Colorado and Sweetwater; July 3, Abilene.

## PLANET MARS HAVING DROUGHT WORSE THAN MIDWEST DUST BOWL AND SAHARA ROLLED INTO ONE

By HOWARD W. BLAKESLEE  
Associated Press Science Editor  
DENVER, June 24.—(AP)—The planet Mars is having a drought worse than the midwest dust bowl and the African Sahara rolled into one.  
The scientists were told last night by Nevil V. Sidgwick, F. R. S., eminent chemist from Oxford university, England, that chemistry indicates life up there is possible.  
The Mt. Wilson astronomers reported studies in February, this year, and again in April, which showed not even a trace of water vapor over Mars middle regions. They used the spectrograph which split the light from Mars into a rainbow lines. Water between here and Mars blots out some of these lines.  
The existence of some moisture in Mars air has been shown by occasional clouds by the frosted poles, and by observations of some other "lines" in the spectrum.  
The drought hits the red planet just at the martian springtime. It was observed in the equatorial regions, the area where dark spots appear in summer that astronomers suspect is vegetation. As to whether Martians exist,

## FOREIGN WARSHIPS PATROLLING COAST OF SPAIN THURSDAY

GOVERNMENT FORCES JOIN TO RESIST INSURGENT ADVANCE THREATS

By The Associated Press.  
British officialdom worked hard to calm excited talk in the newest Spanish-International crisis today.  
But London let Berlin know that any aggressive act by the Reich's men of war in Spanish waters would be looked upon "most seriously" by His Majesty's government.  
France matched the German show of force. A French warship fleet anchored at Bone, Algeria, due south of Italy's Mediterranean island of Sardinia, after secret night maneuvers.  
Despite tension, British Foreign Secretary Anthony Eden urged the house of commons to accept with "great reserve" any excited reports of German naval movements after Italy-German withdrawal from Europe's "hands off Spain" patrol.  
Part of Italy's press assailed Eden; said he caused the rift in collaboration of Europe's four great powers. But the tone was calmer than before.  
Canada's minister, Mackenzie King, arranged to talk to Adolf Hitler next week—officially, but perhaps about peace.

German and Italian warships patrolled the coasts of Spain on their own initiative today, their commanders acting in apparent concert.  
Italian vessels were under orders to strike back immediately at any "attack" from the Spanish government. The German battle fleet, about to be reinforced by a pocket battleship, Graf Spee, was told to "protect German interests." A fear still prevailed Britain that

## CIO Organizers In Dallas Routed By Ford Workers

DALLAS, June 24.—(AP)—The Dallas Times-Herald said today two CIO organizers were battered and bruised into yesterday after attempting to enlist local Ford Motor company employees in their ranks.  
Identity of the organizers was not learned, the paper said.  
Hostilities between the organizers and Ford workers started when the two men were ordered out of the Ford plant pharmacy, across the street from the Ford plant, by R. L. Gaskell, 40, owner. Gaskell told the Times-Herald he asked the men to leave when several Ford employees objected to their presence in the store.  
"Well, we've been thrown out of bigger places than this," Gaskell said one of the pair remarked.  
Gaskell said a Ford workman knocked down the smaller of the two organizers at this point and that the larger man came to his rescue. Both were attacked, Gaskell said.  
"The big, husky soon saw he was outnumbered and ran off," Gaskell said. "The other was bleeding rather badly and wasn't able to run, so one of the survivors men helped him down the street."  
No report of the incident was received at police headquarters.

## MRS. FERGUSON MAY BE CANDIDATE FOR GOVERNOR NEXT YEAR

'FARMER JIM' SAYS AFFAIRS OF STATE SO MUDDLED PEOPLE WANT CHANGE  
BRENNHAM, June 23.—(AP)—Miriam A. Ferguson, twice governor of Texas, may be a candidate in next year's race for governor, her husband, James E. Ferguson, intimated in the Brenham Banner-Press today.  
In an article over his signature the former chief executive said: "My wife and I are receiving many letters every week asking if my wife is again going to run for governor. Some of the letters urge my wife to run for a third term."  
"My wife x x x tells me to say that she has no desire to again meet the rigors of a political campaign," he added.  
But, he added, "my wife's health and my health is better than it has been in years."  
The man whose wife followed him into office after he was impeached as governor further explained:  
"Unless there should be some widespread and general demand amounting to a public duty to render a personal service, my wife says that she is willing to leave the field to younger statesmen who are willing to extinguish or

## LIST OF PERSONAL HOLDING COMPANIES PRESENTED JOINT TAX INQUIRY GROUP THURSDAY

WASHINGTON, June 24.—(AP)—The names of Andrew W. Mellon, Pierre Du Pont and John J. Raskob entered today into a congressional investigation of methods by which the nation's wealthiest business and financial leaders reduce their income taxes.  
Their introduction by Guy T. Helvering, internal revenue commissioner, charged a joint senate-house inquiry committee with excitement. Members listened intently as other names, including those of estate in Lincolnshire, leading to reports former King Edward VIII would go there to live after echoes of his abdication have quelled.  
The little hamlet of Harlington, Lincolnshire, was excited by rumors its former king may be its new squire.  
The estate is located in the English hunting country, only a few miles from Melton Mowbray, center of the celebrated region where the Duke often rode as Prince of Wales.  
The manor itself has 100 bedrooms. It is built in Elizabethan style and is described as "strong as a rock."

## Girdler Bluntly Tells Senators View Company

WASHINGTON, June 24.—(AP)—Tom Girdler, chairman of Republic Steel, told a senate committee today Philip Murray, chairman of the steel workers organizing committee was "a liar" and that Senator Guffey (D-Pa) "doesn't know what he is talking about" with respect to the present steel strike.  
Appearing before the senate postoffice committee to answer charges made against Republic by Murray, Girdler made his assertion in answer to a question by Senator Bridges (R-NH). The senator asked whether Murray's statement was true that the only issue was the question of reducing an oral agreement to writing.

## NUISANCE TAXES EXTENDED TWO YEARS BY SENATE ACTION

ACTION OF COMMITTEE IS OVERRIDEN BY VOTE OF WHOLE CHAMBER  
WASHINGTON, June 24.—(AP)—The senate voted today to extend the so-called nuisance taxes and the three cent postage rate for two years instead of one.  
The house had voted a two-year extension, but the senate finance committee recommended an extension of only one year for the postal and tax rates estimated to yield \$650,000,000 annually.  
Senator Vandenberg (R-Mich) opposed the longer extension, asserting the finance committee had voted unanimously for only one year because it did not have time to hold hearings.  
Chairman Vandenberg (D-Mich) said hearings had been held on all the taxes in previous years. He personally favored a two year extension, but said he was embarrassed by his committee vote.  
The senate vote was 59 to 26.  
Taxes involved include those on gasoline, electric energy, lubricating oil, telephone and telegraph communications, federal preparations and many other selected items.  
Also included in the extension were import taxes on petroleum, coal, copper, lumber and gasoline.  
WASHINGTON, June 24.—(AP)—Congressional leaders reported growing sentiment today for enactment of a "Social Security" bill, Wallace's "ever-normal" granary See CONGRESS, Page 2

## Duke of Windsor May Return Soon England To Live

BIRMINGHAM, England, June 24.—(AP)—An agent for the Duke of Windsor was said today to have purchased a hundred-year-old estate in Lincolnshire, leading to reports former King Edward VIII would go there to live after echoes of his abdication have quelled.  
The little hamlet of Harlington, Lincolnshire, was excited by rumors its former king may be its new squire.  
The estate is located in the English hunting country, only a few miles from Melton Mowbray, center of the celebrated region where the Duke often rode as Prince of Wales.  
The manor itself has 100 bedrooms. It is built in Elizabethan style and is described as "strong as a rock."

## Veteran Ranger Is Assigned To Fight Marihuana Crop

AUSTIN, June 24.—(AP)—Ranger Capt. Bill McMurray who has hunted many human enemies of peace and order today investigated another foe of man—dope producing marihuana weed.  
He was sent to the Rio Grande Valley area to investigate reports that 2,000 acres of the narcotics were growing near Raymondville.  
Governor James V. Allred asked the public safety department to conduct a survey after Sheriff William Henry of Muevas, the state said his deputies, investigating a statement by a prisoner, reported many patches flourishing in the Valley area.

## FOUR NEW CASES OF INFANTILE PARALYSIS REPORTED IN COUNTY

NO NEW CASES IN CORSICANA; CONTINUED PRECAUTIONS URGED

Dr. S. H. Burnett, county health officer, reported Tuesday afternoon there are two new cases of infantile paralysis in the Eureka community and one each in the Rice and Emhouse communities that had not been reported previously. Dr. William Shell, Jr., city health officer, said no new cases have been reported in Corsicana, and as far as he knows there are still only two cases here, one of which is convalescing.

Dr. Burnett said there is still one patient with the disease in Barry.

The two new cases in Eureka were taken ill about a week ago, and the positive diagnosis was made a few days ago. Both of them, as well as the cases in Rice, Barry, Emhouse and the one active case in Corsicana, have been quarantined.

Two deaths have been reported from the disease since it first appeared here about a month ago. City and county health authorities today reiterated their previous statements on how to prevent the spread of the disease by keeping children between the ages of two and 15 years out of crowds, swimming pools or close contact with other children.

## CARLOAD MATERIAL GRASSHOPPER FIGHT RECEIVED CORSICANA

MEETING SCHEDULED MAP PLANS FOR CAMPAIGN; POISON IS DUE

A car of bran, to be used in poisoning grasshoppers in Navarro county, arrived here Tuesday and a shipment of sodium arsenite is expected Wednesday afternoon or Thursday. H. C. Robinson, county agent, stated Wednesday morning. A meeting of interested farmers from various sections of the county will be held Wednesday afternoon to formulate plans for the distribution of the poison.

The infestation of the grasshoppers is not especially bad at the present time, but county agent pointed out, "except in isolated places." The main trouble at the present time is along Richard creek and in the Chatfield area, but the agent fears that the hoppers may begin moving out of the pastures and cause considerable damage later unless they are curbed.

The commissioners' court is providing strategy for the bran received Wednesday. The shipment included 400 sacks of 100 pounds each.

The government regulations provide that the poison and bran be mixed before distribution to the farmers, and places for the mixing and distribution of the poisoned bran will be determined at the meeting Wednesday afternoon.

## Seek Health Unit For Corsicana Now

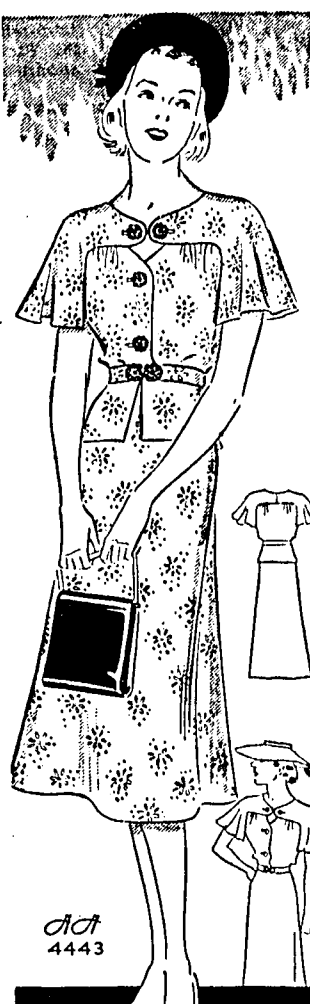

The aid of Senator Clay Cotton of Palestine has been enlisted by R. W. Knight, secretary of the Corsicana Chamber of Commerce, in an effort to secure a health unit for Corsicana. It was pointed out that five or six families would be brought to Corsicana if this unit was established here, including a nurse, physician, technician and others.

Child welfare, venereal disease treatments, etc., are stressed by these district units of the state health department, it was stated.

## MAKE THIS MODEL AT HOME

THE CORSICANA DAILY SUN DAILY PATTERN

PEPLUM FROCK PROVES

VERSATILE

Pattern 4443

by Anne Adams

Need a sparkling young frock for "run-about" wear this summer? Then here's your pattern, and an easier or more becoming one you have never owned! Feel your heat in simple lines? Then Pattern 4443 is just the model you've been looking for, for what could be easier to cut and stitch than those cool, chic capotelets (all in one), a clever button front bodice, sleep 'n' trim skirt, and a jaunty peplum that may be detached if you wish.

Wouldn't this peppy Anne Adams model stand out in the crowd if fashioned of bright-hued shantung, crisp voile, or colorful linen?

Pattern 4443 is available in misses and women's sizes 12, 14, 16, 18, 20, 22, 24, 26, 28 and 30. Size 16 takes 3-1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send Fifteen Cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly size, name, address and style number.

Make a "hit!" Order your copy of the New Anne Adams Pattern Book, and stitch up your own summer "success" frocks! Choose trim sportswear, lovely dress-up flatterers, cheery house frocks, and dainty undies! Gay, well-wearing! Really slenderizing models! See what's what in latest fabrics—accessories—beauty hints! Book fifteen cents. Pattern fifteen cents. Twenty-five cent for both when ordered together.

Send your order to the Daily Sun Pattern Department, 243 W. 17th St., New York, N. Y.

## Turkey Growers In Three States Have Perfected Program

SAN ANGELO, June 24.—(AP)—Pooling of a large part of the turkey crop in three southwestern states was declared assured yesterday as organization of the Southwestern Turkey Growers Association was perfected here with C. E. Clark of San Angelo elected president and Paul A. Cuncyus, formerly of Fort Worth, employed as manager and secretary-treasurer.

Six Texas growers' co-operatives were represented and the officers said they hoped to foster and contract other units in Texas, New Mexico and Southwestern Oklahoma.

Walter Cardwell, manager of the Luling foundation farm, was named vice president. Directors chosen, besides Clark and Cardwell, include Roy B. Davis of Plainview, M. F. Lett of Ballinger, E. A. Schourcock of Goid, and W. B. Carroll of Brady. Clark, Davis and Lett comprise the executive committee.

The co-operative plan bears governmental support, financial aid being expected this year from the farm credit administration, and Jack Shelton, state agricultural agent and vice-director of NBIOS service, pledging the organization the aid and advice of poultry authorities at College Station.

The deep all test in the Bazette sector, drilled by Tom Sharp and associates, was spudded in this week, and drilling is under way. A 110-foot steel derrick is being used. The test is located within a short distance of Bazette.

Considerable activity in leases and royalties in that area has been noted during the past several weeks.

Budding Demonstration

J. F. Roshorough, horticulturist of the extension department, Texas A. and M. College, conducted a June budding demonstration at Pickett Tuesday.

Inspection Tour

Highway Scheduled

Road officials of the Fort Worth, Dallas, Palestine and Corsicana Chambers of Commerce are slated to go on an inspection tour of Highway 22 between Corsicana and Palestine Wednesday morning.

It is expected that a definite effort will be made within the immediate future to get a bridge reconstructed, spanning Chambers Creek southeast of Corsicana and to rush the improvement of the gap in the highway, connecting the pavement in Anderson county with that immediately south-east of Eureka.

## DAMAGED BUILDINGS WILL BE REPAIRED, RE-OCCUPIED SOON

W. T. McEldred announced Wednesday that as soon as an insurance adjustment is made on the two buildings damaged last week by fire, plans will be made for their rehabilitation and occupancy by the same tenants that were in them at the time of the fire.

The two-story corner building, occupied by Johnson Drug Store and other tenants, is owned by Miss Lizzie McElwee, and the one-story building occupied by the Morton Printing Company and the Just-Rite Cafe, is owned jointly by Mr. McElwee and Miss McElwee.

Since the fire the Johnson Drug Store office has been moved into the corner section of the building, 129 West Collin street, occupied by L. V. Majors, and prescriptions are filled at Brown's Pharmacy, 228 North Commerce street.

The Morton Printing Company office is maintained at 113 West Collin street.

Dr. W. K. Logsdon is in Dr. R. C. Curtis' office at 409 West Sixth avenue; Drs. Dubart and Will Miller have moved to 603 State National Bank building; Dr. S. H. Burnett planned to move in the near future to 810 State National Bank building, and Dr. W. W. Carter has moved to 710 State National Bank building. Dr. O. C. Foster is to remain in his office in the McElwee building for the present.

## FUNERAL SERVICES FOR MRS. M'CLUNEY AT KERENS TUESDAY

KERENS, June 23.—(Sp.)—Funeral services for Mrs. Mary Catherine McElwee, aged 80, who died at her home in north Kerens Monday, were held Tuesday morning at the Presbyterian church, Rev. Joe Everheart assisted by Rev. C. E. Wilkins and Rev. M. O. Cheek, officiated.

Burial was at the Kerens cemetery. Mrs. McElwee, who was born at Woodland, Mississippi, in 1856, came to Texas in 1896, living in and around Kerens up to the time of her death. She was married to W. A. McElwee in 1874, who, with two sons, Cliff and Clem, preceded her in death. Surviving are ten children—E. L. Emmett, Finis, Logan McElwee, and Mrs. W. E. Willford all of Kerens; Eugene McElwee of Cleburne; Mrs. Sam Beasley of Ennis; Mrs. Leona Anderson of Corsicana; Mrs. Winifred Berry and Mrs. Clifford Turner of Dawson; two brothers—R. M. Logan of Kerens and J. E. Logan of Hohenlinden, Miss., and three sisters—Mrs. J. M. Brownlee of Stark, Florida; Mrs. C. C. Cross of Atlanta, Georgia; and Mrs. A. M. Holly of Houston, Miss.

Married Tuesday

## Marx Brothers Coming to Palace

A year of preparation was required before the Marx Brothers could begin work on their seventh motion picture comedy, "A Day at the Races," which opens at the Palace Theatre for a three day engagement Saturday night at 11:30. Believing that comedy stars for whom special original material must be written should not make more than one picture a year, the comedians spent most of the past year in selecting a story background, whipping a plot into shape, and originating comedy situations. With them on the picture were six writers, Director Sam Wood and Producer Lawrence Welgaten.

## NAVARRO RESIDENT DIED ON WEDNESDAY; FUNERAL THURSDAY

Mrs. J. E. Bradshaw, 55, of Navarro, died at 11 o'clock Wednesday night, and funeral services were held at 3 o'clock Thursday afternoon at the Grape Creek church with interment in the Grape Creek cemetery. Rev. Bonner conducted the rites.

Surviving are her husband; two daughters, Mrs. Lillian May Roe, Wichita Falls and Mrs. Bernice Lee Scruggs, Navarro; one son, Joe Eugene Bradshaw, Navarro; six brothers, Percy Chapman, John Chapman, Roy Chapman and Harry Chapman, all of Dallas; Leslie Chapman, Walnut Springs and Homer Chapman, Abilene; two sisters, Mrs. Dave McKissick, Dallas and Mrs. Rheta Roberts, Lancaster; and other relatives.

Sutherland - McCommon had charge of funeral arrangements.

## Two Boys Arrested For Gasoline Theft

Two boys, aged 16 years, were arrested Tuesday night by City Officers Patterson and York on burglary charges and theft of gasoline. They later were transferred to the county officers by Officers Seaton and Patterson. Police reported that Claude McKinney's gasoline pump in the 100 block on West Second avenue was opened and between 25 and 30 gallons of gasoline was taken. Two negroes were arrested Tuesday for investigation and later were released.

Cordell Hull Honored. NEW HAVEN, June 23.—(AP)—Yale University conferred today its highest award, an honorary degree of Doctor of Laws, on Secretary of State Cordell Hull. Ten others, among them China's minister of finance, Hsiang-Hai Kung, and Stephen Vincent Benet, the author, received honorary degrees. In addition, the University conferred 1,147 degrees in course at its 238th commencement exercises.

## RICE AND GIRARD GAME TO DECIDE LOOP LEADERSHIP

MEETING OF LEAGUE OFFICIALS CALLED MONDAY NIGHT AT Y. M. C. A.

When Rice entertains the Girard Oilers in a Navarro County Baseball league game Sunday afternoon, the temporary leadership of the percentage table will be at stake. At the present time, these two clubs are tied for the leadership with three wins and no losses. These are the only clubs undefeated in league competition. A large crowd is expected to witness these hostilities.

Other games slated for Sunday include Walkover Shoes at Corsicana Cotton Mills and Bazette at Currie. Bazette, however, will be the home club on this occasion. Bazette does not play Sunday baseball at Bazette.

A meeting of the officials and managers of the six clubs will be held at the Corsicana Y. M. C. A. Monday night at 8 o'clock. This meeting has been called by Paul Moore, president of the circuit, for the purpose of getting newly acquired players by several clubs approved by the rival manager and for other items of business connected with the circuit.

## Courthouse News

District Court.

G. T. Murphy et al., vs. Fidelity Savings Trust Company, et al., motion for new trial, overruled by District Judge Wayne R. Howell.

Dudley Martin, et al., vs. City of Corsicana, et al., motion for new trial, overruled by Judge Howell Thursday.

Assessor and Collector's Office.

T. A. Farmer, assessor and collector of taxes, reported Thursday afternoon at the second half payments of the split plan for tax was extremely slow thus far. The time limit for the second half payments will expire June 30, and the tax will become delinquent unless paid by that time.

## GIRDLER

(Continued From Page One)

clared, "There is no such agreement, oral or otherwise, now in existence."

Girdler added quickly that his statement did not mean the terms of employment in effect were indefinite, or uncertain. They have been reduced to writing, he said, in the form of notices posted in all plants where they apply "and are thoroughly understood by our employees."

Many Continue Work.

The steel executive, pausing to let his words sink in, said 25,000 Republic employees have remained at work throughout the strike "despite threats of violence and many additional thousands have been kept from work against their will."

He reviewed previous charges made against the CIO, contending its goal was to recruit members, not to obtain additional rights for workers. Thousands have protested against the company signing any agreement with the CIO, he said, and added that any such contract "is but the first step to a closed shop and the checkoff as John Lewis and other CIO leaders have publicly announced."

Girdler summed his contentions as:

1-That the CIO has denied the right to work to those who refuse to pay it tribute.

2-That it promotes violence and disregard of law.

3-That the "CIO is associated with communism."

He denied specifically that Republic has imported strike-breakers and said interference with the mails by pickets had been proved.

In conclusion, he suggested principles for employer-employee relationships to promote industrial peace as follows:

(1) Every worker should be free to join or not to join a union as he chooses without coercion from any source.

(2) No employee should be forced to pay dues to a union against his will.

(3) All employees should be permitted to take a vote by secret ballot on whether, or not, they want to strike.

(4) There should be full publicity and public accounting of the financial affairs of every union.

(5) "The responsibility of a union in any contract, or agreement, should be equal to the responsibility assumed by a corporation. Appropriate laws to that end should be enacted."

## Olney Grain Man Slugged, Robbed Fort Worth Today

FORT WORTH, June 23.—(AP)—E. A. Fields, 32, of Olney, was slugged into unconsciousness and robbed of \$1,950 by two men who boarded his truck here early today. The truck, with the unconscious man at the wheel, was found wedged between a filling station and a parked automobile. Fields, who was taken to a hospital, told police he was beaten about the head by the men as they stepped on the running board. The money was taken from a compartment above the windshield where light switches for the truck are installed. Fields, an independent grain dealer, said he was taking the money to town to pay a debt. He could not offer a description of the men.

Several fingerprints were found on the compartment panel and are being examined by the police identification bureau.

## ALLOWABLES

## Rodessa Extension Expected Texarkana

TEXARKANA, Ark., June 24.—(AP)—Oil scouts here today expected an extension of the Rodessa oil field after the McClanahan Capps No. 1 in Miller county, Arkansas, blew in through tubing at an estimated production of 5,000 barrels. Acid was used last night to remove limestone choking the hole at the bottom.

## What CONGRESS is Doing

(By The Associated Press)

TODAY.

Debate extension of "nuisance taxes."

Postoffice committee resumes strike mail inquiry.

Labor committee begins private study of wage-hour bill.

Agriculture committee continues hearings on Norris flood-power bill.

Judiciary subcommittee considers constitutional amendment to tax government securities.

House:

Considers municipal bankruptcy legislation.

Joint committee continues study of tax dodging devices.

Agriculture committee considers sugar quota bill.

Yesterday:

Senate passed \$635,000,000 army appropriation bill and railroad pension act.

House defeated bill to establish Indian claims commission.

Endeavor Meeting Opens

PORT ARTHUR, June 24.—(AP)—The Texas Christian Endeavor Union was scheduled to open its convention tonight with Dr. Daniel A. Poling of Philadelphia as the featured speaker. William A. Miller of Houston, vice president of the union, was slated to respond to the address of welcome by Mayor Frank Imhoff.

Any veterans desiring to go to the camp are urged to call or write the local employment service office or write directly to Head Johnson, veterans' administration, Dallas, Texas for proper application.

Mr. Basham stated the quicker the application is made the more apt the veterans are to get into the camps. Veterans with dependents and the ones first on file will receive the first consideration.

## W. E. Crane Opens At His New Location

W. E. Crane has opened a fruit and vegetable establishment and fish market at 208 East Fifth avenue with a large and complete stock and selection.

He will engage in both wholesale and retail business.

The building has been completely refurnished and is modern in every respect.

## GERMANY'S DEMANDS FOR NAVAL DISPLAY DISRUPTS MEETING

LONDON, June 22.—(AP)

Four power negotiations over German demands for a display of naval strength to the Spanish central government broke down late today.

The break came after Great Britain had rejected flatly the German demand for joint retaliation against the Spanish central government because of an alleged attempt to torpedo the German cruiser Leipzig.

The rupture was disclosed in a communique issued after another talk at the British foreign office among Anthony Eden, British foreign secretary, Italian Ambassador Count Dino Grandi, German Ambassador Joachim Von Ribbentrop and French Ambassador Charles Corbin.

"Unfortunately it was found impossible to reach an agreement on measures which should be adopted in this case," the communique said.

Germany had demanded that an "immediate naval demonstration be held showing the flags of the four powers" on the Spanish coast off Valencia, temporary seat of the Spanish central government. Eden had countered with a proposal that Europe begin the immediate recall of all foreign fighters from Spain.

## PILOT TRANSPOLAR AIRPLANE FORESEES REGULAR SCHEDULES

SAN FRANCISCO, June 22.—(AP)—The man who piloted Soviet Russia's transpolar plane the 5,300 miles from Moscow to Vancouver, Wash., says such flights will be regular occurrences "in one or two years—maybe three."

"Return flights will be easier because we would have tailwinds," said Pil. Valerio Chelakoff.

Chelakoff and his two companions, welcomed by 5,000 persons who thronged Oakland airport last evening, said they next wanted to make a Moscow-New York flight via the Polar regions.

Today they looked forward to viewing the country in which they landed Sunday after an epic, 68-hour flight from the Soviet capital.

The big, single-motored monoplane in which Chelakoff, Co-Pilot Georgi Babukoff and Navigator Alexander Belakoff spanned the Arctic will be dismantled at Vancouver and shipped back to Russia.

Chelakoff, who flew the same plane 5,000 miles across Siberia last year as a "training" gesture, said he considered the transpolar flight the "most interesting, most difficult and most useful of any of our hops."

## EFFORTS TO MOVE PART GOVERNMENT TO DALLAS FAILS

OLD AGE PENSION WORK AND LIQUOR CONTROL TO HAVE BEEN CHANGED

AUSTIN, June 23.—(AP)—Determined efforts to move part of the state government from Austin to Dallas failed today in the house of representatives.

A proposal to transfer old age pension and liquor control departments to Dallas prevailed, 67 to 51, as an amendment to a resolution.

A point of order subsequently was raised, however, that liquor control headquarters was fixed in Austin by statute and could not be changed by resolution. Supporters of the move then offered an amendment embracing the old age pension agency only but the house killed that, 64 to 55.

The resolution, which was adopted, authorized the state board of control to take over the \$1,200,000 Hall of State erected on the Centennial Central Exposition grounds at Dallas. It had been contemplated the city of Dallas would maintain the building but city officials and the board of control could not agree on terms.

The resolution, previously approved by the senate, authorized the moving of Dallas divisional offices of state departments to the building after conclusion of the Pan-American Exposition this fall. The senate engrossed a bill providing for the state to retain ownership of jacks and stallions purchased and distributed with proceeds of the repealed race betting law but advocates were unable to master the majority necessary to pass it finally. The chambers were divided on the proposition since the house had unanimously passed a bill calling for the animals to be given to the various counties.

The senate adopted a house resolution urging the pension administration not to consider life insurance policies with cash surrender values up to \$750 in determining eligibility of pension applications.

The house requested the attorney general to investigate a recent increase in the price of third-grade

## RELIEF POLICIES CAUSE MORE DEBATE IN CONGRESS HALLS

HOUSE GETS AMENDED BILL FROM THE SENATE; NEW MEASURE PROPOSED

WASHINGTON, June 23.—(AP)—Congressional disputes over relief policies showed signs of continuing today despite senate approval of the administration's \$1,500,000,000 program for 1938.

Senator Bailey (D-N.C.), an outspoken critic of federal spending said he was drafting a bill designed to "take politics out of relief."

It calls for administration by a non-partisan board instead of by Works Progress Director Harry L. Hopkins, and provides severe penalties for political activities in connection with employment efforts.

Senate passage of the measure in substantially the form sought by the administration transferred debate back to the house, which must agree to a score of amendments.

Hopkins has estimated the appropriation, reduced a third from the total funds available this year, will require pruning of 500,000 persons from relief rolls.

## Consider Proposed Amendment Change Court Membership

WASHINGTON, June 23.—(AP)—A senate judiciary subcommittee has been appointed, it was learned today, to consider a proposed constitutional amendment enlarging the supreme court to 11 members.

The constitutional amendment would provide eventually for a supreme court consisting of one

justice from each of the ten circuit court districts, and a chief justice appointed from the country at large.

It would allow voluntary retirement of justices at 70 after ten years service and would compel retirement at 75.

Senator Logan (D-Ky.) heads the sub-committee. Senator Borah (R-Idaho) is a member.

Heads Labor Committee.

WASHINGTON, June 23.—(AP)—Rep. Mary T. Norton (D-N. J.) who rose from a stenographer to chairman of the house labor committee, expressed determination

today to bring labor questions closer to American women.

"Labor concerns women just as much as it does men, for if they are not working themselves, they are dependent on someone who does work," she said.

The dark-eyed widow was elected unanimously by the house yesterday to succeed the late Rep. William P. Connery, Jr. (D-Mass.) as head of the committee.

## SPANISH WAR

(Continued From Page One)  
The joint Italian-German withdrawal from the non-intervention pact designed to isolate the Spanish war was the forerunner of an attack against government Spain as "punishment" for an alleged attempt to torpedo the German cruiser Leipzig.

The German cruiser Kohn arrived unexpectedly at Gibraltar, but whereabouts of the rest of the Germany fleet went unreported. Reports from Tangier, Morocco, said Italian and German warships had sailed from there.

**Blockade Attempt Watched**  
From Paris, meantime, came word that France and England would look askance at any Italian-German attempt to blockade the Spanish government coast.

Germany blamed Russia and Great Britain for the new European crisis, which resulted when France and Britain refused to accede to German and Italian demands for a naval demonstration against the Valencia government.

An official Berlin communique declared "Bolshevik Moscow" seeks to make Spain "a section of the communist international."

Meanwhile, a new cabinet crisis was reported in autonomous Catalonia, ally of the Central Valen-

cia government. There also were many spy arrests there.

On the northern Spanish front, government forces merged into a single army to strengthen resistance to the insurgent threat to dominate the entire Basque and Asturian regions.

**Italy Seeking Iron.**  
ROME, June 24.—(AP)—Mayors of every Italian city received a government circular today asking for estimates on the amount of iron that could be realized by scrapping all municipal iron fences and gates.

Rome, itself, recently set an example by removing four miles of iron railings from magnificent Borghese Park.

The questionnaire was an indication of Italy's desperate need for iron and of the difficulty of obtaining supplies abroad since Great Britain embarked on her vast rearmament program.

**Soviet Ship Captured.**  
BERLIN, June 24.—(AP)—The German official news bureau reported tonight that the insurgent cruiser Almirante Cervera had captured the Soviet freighter Kaban with a heavy cargo of "armaments."

The agency said the Soviet ship was taken to the insurgent-held port of Malaga, Spain, with a consignment of "20 airplanes, 44 tanks, 8,000 rifles, 1100 machine guns, 2,000,000 rounds of ammunition and 4500 tons of other war material."

## HIGHWAY

(Continued From Page One)  
pleated as soon as possible as it is within a proposed Colorado to the Gulf designation for a highway. It is understood that conferences will be held with State highway department authorities immediately in an effort to get the gap closed as soon as possible.

The delegations on the inspection tour included C. G. Cotton, manager of the highway department of the Fort Worth Chamber of Commerce; W. W. Gibbard, chairman of the Dallas Chamber of Commerce highway committee; R. A. Thompson, former highway department official and now Dallas Chamber of Commerce highway engineer; Judge Jim Moore, Jim Young, J. E. Angly and Charles W. Woolridge, all of Palestine; County Judge Paul H. Miller, A. F. Mitchell, J. N. Edens and R. W. Knight, all of Corsicana.

**MILLIONS**  
(Continued From Page One)  
welfare under the board of control.

Aid to the blind and to dependent children, the two provisions not yet enacted by Texas, will be placed before the voters in August.

Pensions for blind persons otherwise unable to support themselves would not exceed \$30 a month, the federal and state governments sharing the cost. An annual grant of more than \$300,000 to Texas is possible.

Ill-clad, ill-nourished, and ill-housed dependent children, some of them orphans, would be benefited under the dependent children provision with a limit of \$18 per month per child. The security board would pay one-third the cost.

## TAX LIST

(Continued From Page One)  
ties of those named were in any way illegal.

Instead, he said they took advantage of tax deductions allowed personal holding companies under the law which are not permitted on individual tax returns.

Mellon was described as having two holding companies. His name was brought into the hearing early in today's session when the treasury official listed the names of 17 holding companies and their principal owners as examples of how holding companies were used by wealthy persons to cut tax payments.

The two companies which Helvering said were owned by the former secretary of the treasury were given as the Adason Tobacco Corporation of New York City and the Penn Tobacco Corporation of Greenwich, Conn.

The corporations included the Adason Tobacco Corporation, the principal owners of which were listed as A. W. Mellon, R. B. Mellon, C. Louis Allen, and C. D. Marshall.

Helvering supplied a table showing the firm, on the basis of its 1934 tax return, had a net income of \$97,773 before any adjustments were made under the personal holding company tax section. The company paid, he said, an ordinary corporate tax of \$115, no personal holding company surtax, and dividends of \$20,250.

The additional surtax which would have been paid if no personal holding company had existed was calculated at \$26,500.

The list also included the Penn Tobacco Corporation, owned by the same individuals, with a net income before adjustments of \$192,600, no ordinary corporate, or holding company surtax, no dividends, and an additional surtax

that would have been paid if the firm had not existed of \$76,585.

**Publishing Firm Listed.**  
The list started with the Robert P. Scripps Company, of which Robert P. Scripps was given as principal owner.

The firm had net income before adjustments of \$178,599, paid no corporate or holding company tax, and dividends of \$45,000, the treasury official said. The additional surtax that would have been paid if the company not been formed was placed at \$59,840.

The treasury presented the names to the committee without immediate identification. Additional firms named included:

E. W. Scripps Company, principal owner E. W. Scripps, net income before adjustments, \$1,705,405, no ordinary corporate tax, holding company tax \$87, dividends paid \$850,000, additional surtax that would have been paid \$449,134.

Kovik Investments, Ltd., owned by a man named Higgins, net income \$45,072, no corporate or holding company, no dividends, additional surtax that would have been paid \$6,350.

The Tennessee Company, owned by W. W. Hawkins, net income \$98,925, no corporate tax, holding company tax \$87, dividends paid \$26,462.

Peter Berkley Corporation, Peter Berkley owner, net income \$111,623, ordinary corporate tax \$912, no personal holding company surtax or dividends, additional surtax that would have been paid \$34,032.

Laurence Industrial Corporation, Solon E. Summerfield, net income \$142,238, corporate tax \$9,855, no holding company surtax, dividends \$45,220 additional surtax \$43,000.

**Paul Block Listed.**  
Consolidated Publishers, owner Paul Block, net income \$1,100,278, no corporate, or holding company

## CONVICTS

(Continued From Page One)  
were taken in a tree from which they sought refuge from the pursuers' bloodhounds.

They offered no resistance. Scott and Foreman were serving life terms for murder.

Near Huntsville Warden W. W. Waid and a posse captured Alvin Stockton of Houston, Lawrence Williams of Houston county and Tom Corbit of Qltman. They were hiding in a small church and ran when the posse approached. When guards pointed guns at them they surrendered. All were serving long terms.

The hunt was pressed for five men under the leadership of W. H. Bybee, who with another convict overpowered a guard and led the other convicts to freedom on a horse and 15 mules.

Bybee and his companions were believed cornered in a wood. Officers hoped for a break in the terrible heat, which yesterday exhausted dogs and horses in the chase.

**One Caught at Crockett.**  
CROCKETT, June 24.—(AP)—Two young Crockett residents early today captured James Henry Mitchell, one of the 19 convicts who broke Tuesday from the Eastham prison farm, at Hopewell school, seven miles east of here.

J. D. Woodward, Jr., former local high school athlete and A. B. Smith, returning to Crockett from Houston, spotted three fugitives in a stolen machine on the highway. The light pick-up truck the fugitives were driving was recognized as one which had been stolen from Ely Elkins of Loveland.

The Crockett residents chased the convicts two miles, finally

overtaken them and forced their truck into a ditch. The trio jumped from the truck and ran but Woodward fired on them with a pistol and Mitchell surrendered.

The other two convicts, unidentified, raced into a nearby wood and escaped. Mitchell is serving a 72 year sentence from Bosque, Hill, McLennan and Anderson counties for robbery.

## SIGNS POLITICAL CAMPAIGNS SEEN IN TEXAS CAPITAL NOW

### SPEECHES OF VARIOUS MEMBERS INDICATION AMBITION RECENTLY

By HOWARD C. MARSHALL.  
AUSTIN, June 24.—(AP)—Signs that the political campaigns are approaching are appearing about the capital.

T. W. Fischer (Big Fish) of Tyler, who once served as governor of the United States, came to town and announced he might again be a candidate for governor. His candidacy last year was unsuccessful.

He said that if he ran he might advocate re-legalization of betting on horse racing.

Three Bountiful Crops.  
More evidence of reviving interest in politics—someone has said Texas always produces three bountiful crops, cotton, babies and candidates—was observed during efforts to re-create the hot oil investigating committee.

An amendment which would have forbidden the committee to make any recommendations as to candidates was offered to the investigation resolution by Rep. J. Bryan Bradburn, member from Abilene. The amendment was ruled out on a point of order and the resolution was referred to committee to die.

Members said they had in mind the gubernatorial race which Attorney General William McCraw and Ernest O. Thompson, railroad commissioner, probably will run. The commission and the attorney general's department are the principal agencies which enforce the state constitution laws.

Battle For Speakership.  
There was talk that the collapse of Rep. Fred Mauritz of Ganado, banker-cattlemen, while presiding over the house temporarily might not help his chances for election as the next speaker.

It was a very warm afternoon and Mauritz guided the house through a turbulent session when the bill to outlaw betting on dog racing was under consideration.

Others mentioned for the speakership include Alf Roark of Sanger, chairman of the revenue and taxation committee, Charles H. Tennyson of Wichita Falls, Bob Alexander of Childress, Emmett Morse of Houston and Bradburn.

Roark is a lawyer; Tennyson, a teacher; Alexander, a farmer, and Morse, a real estate operator.

There has been no indication the present speaker, Robert W. Calvert of Hillsboro, would seek a second term. The only man in recent years to hold the position twice is Coke Stevenson of Junction.

Stevenson again is a member and some time ago said he was having the time of his life "just being a representative."

Eye Political Effects.  
Speeches of various members of house and senate during the fight over repealing the horse racing betting law indicated they had an eye open for political effects.

This was especially noticeable in the upper house. Several senators took pains to explain why they were voting this way or that and one or two had the reasons inserted in the record.

The house and senate journals are important concerns of all the members. As public records open for inspection they are carefully studied by candidates for office and how the incumbent acted on this and that issue is pretty sure to be laid before the voters.

## CHEER WAS SERMON SUBJECT AT FULL GOSPEL LAST NIGHT

"Cheer" was the sermon subject at the Full Gospel Revival Wednesday night. The evangelist, Rev. Philip Megna from California, read from Matt. 9:2 and Matt. 22:2. In each of these passages, the good Master is telling these persons "to be of good cheer."

Rev. Mr. Megna said: "It is not pleasing to God to be sorrowful, sad, gloomy, and dejected. All these things were nailed to Calvary. The person that is happy is the Christian. Many have the idea that a Christian is a gloomy, sad person, but not so, for he is trusting in the God that is the author of cheer and joy and peace. A person who has the love of God in his heart is a happy contented person. No matter the surrounding condition, God will give you peace and happiness if you will only trust in Him."

Before the message Mrs. Megna taught a new chorus, then sang a very much enjoyed solo. There will be no meeting every night this week, including Saturday, and throughout next week. We urge you to attend, the services held each night at 8 on the lawn just north of the church building. REPORTER.

## Dallasite Is Head Veterans; Waco Gets Convention Next Year

BEAUMONT, June 24.—(AP)—Texas Veterans of Foreign Wars yesterday elected Arthur D. Dodds of Dallas their department and chose Waco for their 1938 encampment city.

Others elected at the closing session of the meeting were Tom Carter of Lubbock, senior vice commander; David L. Broadus of Beaumont, junior vice commander; Walter J. Gates of Galveston, quartermaster (re-elected); W. S. Birge of Amarillo, judge advocate; Dr. A. J. Higgenbotham of McKinney, surgeon; the Rev. J. W. Harrison of San Antonio, chaplain for the ninth consecutive term.

The women's auxiliary elected Mrs. Anna Mae Evans of Sherman their department president. Mrs. Irene Dodds, wife of the department commander, was named senior vice president.

## Funeral Thursday For Barry Resident

Funeral services for Mrs. Letha May Scoggins, 60, long-time resident of the Barry community, who died at the home of her son, Frank Gay, 1425 West Third, at 10 o'clock Wednesday morning, were held from the Methodist church in Barry Thursday afternoon, with interment in the White church cemetery, Rev. W. B. Bang, pastor of the Barry Methodist church, assisted by Rev. E. T. Miller, pastor of the First Baptist church here, conducted the ceremony.

Surviving are one son, a stepdaughter, Mrs. Mike Jones, four step-sons, Ed Gay, Drane, Leard Gay, Barry, W. J. Scoggins, Farmersville and John Scoggins, Ladonia; a brother, Mack Rogers, Galveston; a sister-in-law, Mrs. E. L. Rogers, Corsicana and a number of grandchildren and other relatives.

Palbearers were Claude Watson, Barry; Raymond Watson, Barry; Joe Watson, Alvin; Buck Varnell, Barry; George Watson, Barry; Eber Rogers, Malakoff; Earl Rogers, Malakoff; Lloyd Rogers, Malakoff.

Sutherland-McCammon had charge of funeral arrangements.

## Vacation School At First Methodist Is Delayed Indefinitely

At the church night services of the First Methodist church Wednesday it was announced that the Vacation Bible School scheduled to open June 28th, had been postponed until health conditions improved. All arrangements had been made for the school, but this action by the Board of Christian education, was thought best, and the new date will be announced later.

Mrs. Lacy Willis was the speaker Wednesday night and following the service the congregation visited in the parsonage or Rev. and Mrs. T. Edgar Neal as host, and at that time viewed the many beautiful wedding presents that were received by Dr. and Mrs. Robert L. Marshall, who were married Tuesday night.

Rev. Sam Hilburn, family man who were to have been here for the Vacation Bible School have postponed their visit, until Fall.

Rev. Mr. Hilburn is a returned missionary from Japan and a special missionary of the First Methodist church. Instead of coming to Corsicana for the summer they will visit the Methodist Summer assembly at Lake Junaluska, N. C.

Knight Kerens Speaker.  
R. W. Knight, secretary of the Corsicana Chamber of Commerce, went to Kerens Thursday noon to speak before the Kerens Lions Club.

## H. G. LUCAS WILL BE MAIN SPEAKER FARMER'S MEETING

### PRESIDENT STATE AGRICULTURAL BODY IN CORSICANA SATURDAY

All farmers, business men and others interested in agriculture are invited to hear H. G. Lucas, of Brownwood, president of the Texas Agricultural Association, Saturday morning at 10 o'clock at the junior high school auditorium.

President Lucas will outline and explain the new provisions and program of the farm legislation and allied subjects.

This meeting has been called by H. J. Kent, president of the Navarro County Agricultural Association. Everyone interested in the agricultural program, however, whether they are members of the local organization or not, are invited to hear this address. H. C. Robinson, county agent, stated Thursday morning.

## Memorial Services For Grape Creek

The Grape Creek Cemetery association will meet and observe annual Memorial Day Thursday, July 1. Services will start at 10:30 a. m. and G. H. Brown, county superintendent will deliver the address. An invitation is extended to all to come and bring well-filled baskets for the lunch. All interested are urged to bring their dues.

## Agriculture Group To Meet Thursday

The agricultural committee of the Corsicana Chamber of Commerce will meet Thursday night at 8 o'clock to formulate plans for the county fair this fall and make assignments of the members for various features and phases of the exposition.

## Singing on Fourth Sunday at Powell

The public is cordially invited to attend the fourth Sunday singing at Powell on June 27, according to announcement received from Velma Johnston, secretary of the organization.

Corporation Court.  
One negro was arrested and was fined \$10 on a speeding charge Wednesday.

One was arrested for use of abusive language and intoxication.

Four men were arrested Wednesday by City Officers Spencer and Adams and Constable W. G. Ivey on Highway 75 for investigation. After they were fingerprinted, they were released.

## University Tracts Oil Land on Block At Friday Auction

AUSTIN, June 24.—(AP)—Oil and gas leases on 91 tracts of University of Texas lands in West Texas will go on the auction block tomorrow.

Col. E. Walters, veteran land auctioneer, will conduct the sale, fourth of its kind. The board for lease of university lands discontinued the sealed bid system of sale when it found the auction system yielded a greater return in cash bonuses.

Walters will sell to the highest bidders leases in Crane, Ector, Andrews, Upton, Crockett and Pecos counties.

## B. L. MOORE, SR., DIED WEDNESDAY AT HOME DAUGHTER

### NATIVE OF ALABAMA BUT RESIDED IN NAVARRO COUNTY SIXTY YEARS

B. L. Moore, Sr., aged 87 years, pioneer resident of the Emmett community, died at the home of his daughter, Mrs. J. T. Stroder, at Emmett, Wednesday night at 8 o'clock. He had been in declining health for some time.

A native of Alabama and resident of Tennessee prior to coming to Navarro county sixty-odd years ago, Mr. Moore long was a large land owner in the western section of Navarro county.

Funeral services were held Thursday afternoon at 4 o'clock at Emmett where interment was made. He had been a member of the Baptist church for many years.

Surviving are a daughter, Mrs. Stroder, Emmett; two sons, G. E. Moore, Jr., Frost, and Robert L. Moore, Dallas; fifteen grandchildren, five great-grandchildren and other relatives.

# BEAUTY CHATS

—By EDNA KENT FORBES—  
All requests for beauty information desired by Edna Kent Forbes column followers must be accompanied by a fully self-addressed, stamped envelope (s.a.a.e.) and two cents in stamps to cover cost of printing and handling. For the illustrated pamphlet, "BEAUTY" one cent in stamps with fully s.a.a.e. must be enclosed. Address Miss Forbes in care of this paper.

## BEAUTY IN THE MORNING.

### MAKE-UP FOR EMERGENCIES

Today Miss Forbes tells you about makeup used for the Coronation ceremony in London. You might, she thinks, get some idea for a special occasion makeup.

Do you want some suggestions on how to be beautiful when you're dead tired? If so, take them from these Westminister Abbey during the Coronation. They had to look as perfectly turned out in such matters as hair and complexion as the king and queen were going to a ball and had slept all day long.

Edna Kent Forbes of them had to get up at four in the morning, and all of them long before six a. m., and they had to sit on narrow seats in the Abbey itself until the afternoon when the ceremony was over. This is a test for make-up. The London beauty shops worked out this method. (By the way, assistants in the smart shops slept all night in their salons and started out before five in the morning to do their clients' faces for the great occasion.) The first step in this lasting make-up is to rub the skin vigorously with cleansing cream, the vigorous massage being stimulating to the tired complexion. The cream is wiped off with tissues, then with a large wad of absorbent cotton soaked in skin tonic.

Now for the original idea: The skin is rubbed with astringent powder, though any good face powder would do, and the powder is massaged into all parts of the skin that might go oily after a few hours—forehead, nose and chin chiefly. On top of this a dry rouge is used, rather vivid in color but blended very carefully so no sharp edges of color can be seen. And on top of all this the foundation cream or lotion goes. This binds in all your color and holds it into the skin. After this, liquid lip stain and a final powdering and you have a makeup good for many hours without retouching. This is the opposite of the usual make-up routine, and you have almost a mask on your face when finished, but for emergencies it is a very good method. Try it and see.

Reader—An exercise for a dou-

ble chin is that of throwing the head far back between shoulders and going through a series of chewing movements. Another is to roll the head all around over the shoulders, and in doing it stretch every muscle to the limit, not an indifferent moving that does not cause the muscles to contract. After either exercise, dash very cold water over the skin to help tone it and close the pores.

Mrs. M. U.—Mrs. Frank K. I shall be glad to forward the full color chart, if you send a stamped, self-addressed envelope for the mailing.

Mrs. L. N.—There is usually some internal cause for very dry skin. An acid condition often causes the trouble, or an accumulation of broken-down tissues stored up in the system. This last mentioned is likely the reason why older people have dry skin, and oils are needed to keep such skins from showing the effect of years. Loss of the natural oils in the body would contribute to the skin's dryness, too. If the skin all over the body is kept active, there will be less trouble of this kind.

White-heads come from a very sluggish state in the skin, and whatever helps to get the blood circulating near to the skin will be needed. Hot showers over the entire body every day will do a great deal toward clearing the complexion of such blemishes as white-heads, for these make the entire body active, setting free stored-up toxic accumulations.

## Duke of Windsor Celebrates His 43rd Birthday

ST. WOLFGANG, Austria, June 24.—(P)—The Duke of Windsor celebrated his 43rd birthday at Castle Wasserkloos today in a strange contrast to the pomp and pageantry of a year ago when he was ruler of the British empire.

His bride of a few weeks, the former Mrs. Wallis Warfield, for whom he abdicated his throne, was understood to have arranged a quiet private party as the sole celebration. The Duke was described as spending the day in "splendid happiness" with the duchess.

## Evening Service At Lone Oak on Sunday

In addition to the regular Sunday School at the Cumberland Presbyterian church at 10 a. m. There will be preaching at 11 a. m., and beginning this Sabbath we will have a reaching service at 7:45 p. m.

In the Sunday School, we review the wonderful "Lessons in Genesis" that we have been studying this quarter. We will endeavor to follow the leadership of the Holy Spirit in meeting the needs of those present at the reaching services. We have no at and dried, nor sensational subjects to announce in an effort to draw a large crowd. You are welcome in all these services.

## STEEL STRIKES

(Continued From Page One) strike over, Warren breathed easier, as the mediators in Cleveland continued negotiations with executives of the Republic corporation, Bethlehem Steel, Inland Steel, and the Youngstown Sheet and Tube Co., whose plants have been strike-bound since May 26 because of refusal of the management to sign labor contracts with the steel workers' organizing committee, a C. I. O. affiliate.

"I am mighty glad it didn't happen," said Mayor G. A. Bjorson of Warren.

Gus Hall, SWOC organizer, said there will be no general strike all, saying the action of local unions was spontaneous.

Concerns closed today normally employed approximately 1,000 men in this industrial city of 40,000.

## CONGRESS

(Continued From Page One) program on an experimental basis.

Informed persons said administration leaders were urging the legislation as a compromise with those insisting on a more general farm program, such as the "agricultural act of 1937" recommended by the American Farm Bureau Federation.

The purpose of the "ever normal" granary is to store surpluses of bumper years for use in years of crop failures, assuring the consumer a normal supply and the farmer a stable price.

## Harmony Parleys to Start on Eve Debate On Court Proposal

WASHINGTON, June 24.—(P)—"Harmony" conferences between President Roosevelt and democratic leaders in congress will begin tomorrow, on the eve of senate debate over a measure which has divided party ranks—the court reorganization bill.

Majority Leader Robinson (D-Ark.) announced last night the senate probably would consider the court bill late next week after passage of appropriation measures required by July 1.

Most opponents of the bill will attend the three-day series of party meetings on secluded Jefferson Island in Chesapeake Bay.

Democratic leaders have discussed the possibility of serious discussion of the court issue at the conference, which they describe as primarily social.

But one group of enthusiastic new dealers—headed by Rep. Maverick of Texas—has expressed a determination to talk business. The Maverick group hoped to get agreement on a long enough session to permit enactment of crop insurance, wage and hour standards, housing and other social and economic legislation.

## Mrs. Alice Parker Visited at Barry

BARRY, June 24.—(Spl.)—Mr. and Mrs. Edgar Coker have had with them, Mrs. Alice Parker of Plainview. This is the first time Mrs. Coker has seen her in 17 years. This makes the fourth great-grandparent Edith Coker has seen in both families.

Mr. and Mrs. Coker's children are her only great-grandchildren and she is 71 years of age. She has now gone to visit her son, Albert Parker in Hatfield, Mrs. Coker's father. She will stay a month with him.

## Acres Marijuana Found Growing In South Coast Area

CORPUS CHRISTI, June 24.—(P)—Sheriff William Shelly of Corpus Christi last night called on Governor Allred to take immediate action toward abolishing 2,000 acres of marijuana, said to be growing near Raymondville. Shelly's deputies reported they saw one patch of the narcotic weed consisting of about 700 acres. Local officers made the trip to Willy county yesterday after a prisoner held here on a marijuana charge told them the weed is growing in large patches in the Valley.

Officers said they had information one man brought a nine-foot cotton sack loaded with 200 to 300 pounds of marijuana to Corpus Christi and remained here until he sold it.

The governor assured Sheriff Shelly he would investigate at once.

## LEGISLATURE

(Continued From Page One) American War to be appointed state service officer or assistant service officers.

AUSTIN, June 24.—(P)—The Texas legislature today looked forward to an unspectacular session tomorrow night. The current special session, which they describe as primarily social.

Highly-geared legislative machinery yesterday passed more than 30 bills through the house, which arrived at nearly midnight in expectation of quick senate action to place the proposals on Governor James V. Allred's desk.

Conference committees predicted both houses would endorse bills prohibiting dog race betting and tightening statutes against bookmaking. The proposals were the residue of an anti-gambling crusade which saw horse race wagering repealed.

Disposal of 258 blooded jacks and stallions, purchased with prize money for improvement of Texas stock, remained unsettled. The house favored giving them to the counties while the senate engaged a proposal continuing control.

Other bills finally approved by the lower chamber included: Appropriating \$100,000 for salaries and expenses of legislators, making the session total \$200,000. Correcting the new liquor control act.

Transferring remaining money in the lottery fund to the general revenue fund.

Closing the season on prairie chickens for five years.

Providing levee districts collect their own delinquent taxes.

May Rebuild School.—The way was clear today for the London Consolidated School District to rebuild the school house in which several hundred pupils were killed in a gas explosion.

The house yesterday passed a bill authorizing issuance of \$150,000 in warrants for reconstructing the building.

Foresees Another Call.—Another special session of the legislature—to raise additional pension fund revenue—was seen as a necessity today by Rep. G. C. Morris of Greenville.

Morris, chairman of the board of managers in the house's recent old age pension inquiry, said facts gleaned in that investigation showed that funds will not be sufficient to last until November 1. He advocated another session not later than September 1.

Lighten Dealer Regulations.—AUSTIN, June 24.—(P)—A bill lightening requirements of vegetable and citrus dealers headed for Governor James V. Allred's desk today.

The house yesterday completed action on a senate measure altering provisions of one passed at the regular session of the legislature. Some of the new action lowered salaries of persons administering the acts and permitted one bond and one license fee to suffice for anyone dealing in both vegetables and citrus.

Prairie Chicken Bill.—AUSTIN, June 24.—(P)—A house bill which would protect the almost extinct prairie chicken by a five-year closed season, was halted today by game conservationists as a reprieve for a "doomed" species. Senate action was needed before the proposal could become law.
